

Dear Student,

Greetings from SmartBridge,

Your team has successfully enrolled for the project. Please find the team details below

**Team ID : NM2023TMID03081**

**Team Size : 4**

**Team Leader : PRIYADHARSHINI S**

**Team member : RENUKASHREE V**

**Team member : SATHYA M**

**Team member : SHALINI M**

Regards,  
Team SmartBridge

## <> Flask

What is Flask?

Flask is a micro web framework written in Python.

It is classified as a micro framework because it does not require particular tools or libraries. It has no database abstraction layer, validation, or any other components or processing. It only focuses on providing the basic framework for common functions.

To use Flask we need to install the library using "pip install flask".
